REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1-24 are allowable over the prior art of record because the prior art of record does not teach or fairly suggest the entire combination of elements set forth including an annular member made of a second material harder than the first material from which the shaft portion is made and the annular member being mounted on the outer periphery of the shaft portion such that at least part of the annular member is disposed between the rotational support portion and an end of the shaft portion, claim 1, lines 10-13 and claim 13, lines 14-20.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Emmanuel M Marcelo whose telephone number is 571-272-6949. The examiner can normally be reached on Monday - Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Katherine Matecki can be reached on 571-272-6951. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
